Subject: Weekly Wednesday Update #11

Campuses
Burbank
Los Feliz
Orange County
Pasadena
West Valley

Dear LILA LA Community,

As you are undoubtedly aware, a significant upsurge in COVID-19 cases across the country has seen much of California return to the State's Widespread (purple) category, where LA has been for many weeks and will certainly stay for the remainder of 2020. Essentially, this means that the only students we will be able to have back on campus before winter break are those whom we can welcome under the K-2 waivers (approved for Pasadena and pending for Los Feliz and West Valley) and specialized services provisions. As arrangements will vary across campuses, your campus director will keep you apprised of site-specific details.

Please note that there will be no Head of School briefing or Wednesday update next week (November 24 and 25, respectively). I look forward to reconnecting with you during the next Head of School briefing on **Tuesday, December 1 at 5:00pm.**

Warm wishes to all for a safe Thanksgiving,

Michael Maniska
Head of School
