**School Administration**

Burbank

Dear LILA Parents and Guardians,

The purpose of this handbook is to provide useful information that will enable you to take full advantage of the many resources and special opportunities we have on our campus. These school resources and the expected standards of conduct are published in this handbook, and it is important for students and families to read these and become familiar with the school's rules and policies and the unique features that characterize our academic programs and school life.

This year's handbook includes an important update: LILA's adoption of the "Positive Discipline" framework. Based on the work of Jane Nelsen and Lynn Lott, this approach emphasizes socio-emotional skills, mediation, self-regulation, and logical consequences to solve issues of behavior management.

Whether you are new to LILA this year or returning to our school, you are required to read this document carefully and adhere to all school policies. We expect each member of the community to embrace the spirit of goodwill and good faith as a basis of our relationship and your relationship with each other

Sincerely,

Sonia Gmar  
Campus Director

**West Valley Campus**

## A Note Regarding COVID-19

Please note that this Parent Handbook is intended to reflect the school’s rules and policies during regular operations. In view of the ongoing COVID-19 pandemic, please be aware that some details related to changes in campus operations due to COVID-19 (e.g., drop-off/pickup times, class schedules, daycare, etc.) may not be current. For the most up-to-date information on these topics, as well as health and safety protocols, please continue to refer to details provided by your campus team.

## About Us

The International School of Los Angeles (LILA) was established in 1978 as a non-profit organization by visionaries of varied cultural backgrounds who felt that the Los Angeles community needed a school which would prepare children for life in an increasingly international environment. LILA is now recognized as one of the most academically challenging private high schools in the United States and continues its long commitment to academic excellence.

At LILA we adopt ways of thinking and expression that reflect an appreciation for cultural differences and multiple world views. Diverse groups learn more from each other when exchanging different points of view, introducing new pieces of information, and confronting alternative ideas. LILA's small and nurturing classes facilitate the sharing of different viewpoints.

Being immersed in a truly multicultural environment helps develop the ability to better understand one's own culture - what makes it different, but also in which ways it is similar. This, in turn, helps maintain a strong sense of one's own background. Teachers, staff and students come from all over the world, each bringing their own experiences and perspectives. Our students study and live in a world community every day.

LILA is fully accredited by the Western Association of Schools and Colleges (WASC), the International Baccalaureate® in Geneva, the French Ministry of Education and the California Association of Independent Schools (CAIS). LILA also belongs to the *Agence pour l'enseignement français à l'étranger* (AEFE) and *Mission laïque française* (MLF) networks of schools.

## Vision

To be the premier international school in Los Angeles.

## Mission

The International School of Los Angeles is a non-profit, independent, international school committed to bilingual education and academic excellence in a nurturing environment.

**Our mission is to develop bilingual critical thinkers who are open-minded, confident and caring, and equipped to thrive in a diverse, competitive world.**

We offer a preschool through 12th grade curriculum that culminates in the French baccalauréat or the International Baccalaureate®'s Diploma Programme.

## Values

As a school, LILA is committed to the following three core values:

- **Excellence**
- **Diversity**
- **Respect**

## Expected School-Wide Learning Results (ESLR)

Upon graduation, LILA students will be:

### Academic Achievers who:

- meet or exceed the established LILA standards in English, French, mathematics, sciences, history and other subjects

### Effective Communicators who:

- use spoken and written communication in both French and English to express their ideas
- master the languages so that they can succeed academically
- listen to others, interpret and respond constructively
- demonstrate writing skills through reports, letters, essays, and creative writing assignments

### Active Learners who:

- show a positive attitude towards learning
- use criticism in a creative and positive way
- use new technology and computer resources
- want to learn and show curiosity
- understand and follow directions
- make good use of time and complete assignments
- exhibit good study and work habits that include regular attendance, punctuality and effective time management

### Literate Individuals who:

- gather, process, and communicate information through reading and through written and oral expression, actively listening in both French and English
- concentrate, listen and memorize
- situate themselves in the world that surrounds them
- show interest and sensitivity for different artistic fields

### Active Problem Solvers who:

- use several different types of knowledge in increasingly complex situations
- formulate questions and propose solutions taken from observation, measurement, and data comparison
- transfer learned skills to new situations

**Productive Individuals who:**

- are able to work individually and in groups
- know how to structure and present their work
- can work autonomously towards goals they have set
- demonstrate self-confidence and initiative

**Involved Citizens who:**

- develop a sense of human values such as democracy, respect for others, justice, etc.
- respect others and understand different cultural values
- use cultural differences to enrich personal development
- show self-esteem, are conscious of their rights and responsibilities
- exhibit good manners
- appreciate working for others
- have a feel for their role as human beings and as citizens of the world

# Les attentes du LILA au terme des apprentissages scolaires

Au terme de leur scolarité, les étudiants du LILA seront:

## Des étudiants performants qui:

- atteignent ou dépassent les objectifs établis par le LILA en Anglais, en Français, en mathématiques, en sciences, en histoire ainsi que dans les autres domaines

## Des interlocuteurs compétents qui:

- utilisent la communication verbale et écrite en français et en anglais pour exprimer leurs idées
- maîtrisent les langues afin de réussir leur scolarité
- écoutent les autres, interprètent et répondent de manière constructive
- font preuve de compétences à l'écrit dans la rédaction de rapports, de lettres, d'essais et d'autres types d'écrits créatifs

## Des apprenants impliqués qui:

- font preuve d'un comportement positif au regard des apprentissages
- ont un esprit critique positif et constructif
- se servent des nouvelles technologies et des ressources informatiques
- ont un désir d'apprendre et font preuve de curiosité
- comprennent et savent suivre des consignes
- savent gérer leur temps et achever une tâche requise
- font preuve de bonnes habitudes de travail et d'étude qui incluent l'assiduité, la ponctualité et la gestion efficace du temps

## Des individus cultivés qui:

- Sont capables de recueillir, traiter et communiquer une information par la lecture et par l'expression écrite et orale, l'écoute active, en français et en anglais
- Sont capables de se concentrer, d'écouter et de mémoriser
- Sont capables de trouver leur place dans le monde qui les entoure
- Sont capables de montrer de l'intérêt et de la sensibilité dans différents domaines artistiques

## Des individus capables de résoudre des problèmes qui:

- demandent d'utiliser différents types de savoirs au sein de situations de plus en plus complexes

- demandent de formuler des questions et proposent des solutions tirées de l'observation, de la mesure et de la comparaison de données
- demandent de transférer des compétences acquises au sein de situations nouvelles

**Des individus productifs qui:**

- sont capables de travailler individuellement et en groupe
- savent structurer et présenter leur travail
- peuvent travailler en autonomie afin d'atteindre leurs objectifs
- font preuve de confiance en soi et d'initiative

**Des citoyens impliqués qui:**

- développent un sens des valeurs humaines telles que la démocratie, le respect d'autrui, la justice, etc
- respectent autrui et comprennent la valeur de chaque culture
- utilisent les différences culturelles pour enrichir leur développement personnel
- font preuve de confiance en soi, sont conscients de leurs droits et de leurs devoirs
- font preuve de savoir vivre
- apprécient de travailler pour autrui
- ont conscience de leur rôle d'être humain et de citoyen du monde

## Attendance Policy

Students are required to attend school on time and regularly. Student attendance will be kept in a register, which will clearly indicate every absence of half a day or more as part of the State reporting requirement.

Through the daily routine, we encourage students to make responsible decisions about their use of time. Students are expected to arrive on time for all classes, assemblies, class meetings, and individual appointments with faculty.

## Tardiness

In the interest of both the individual child and his/her classmates' academic and pedagogical growth, arriving on time is imperative. Students from Kindergarten to 5th grade who arrive 5 minutes or more after the start of the school must check in with the attendance supervisor before being allowed to join their classrooms. If arriving more than 15 minutes after the start of class, parents must check in their child(ren) in the main office. It is the parents' responsibility to inform the attendance supervisor or the administrator at the main office of the reason for the tardiness.

The administration will inform parents if a child is frequently tardy. Parents must make efforts to resolve the problem. Excessive tardiness will be noted on a child's report card and may result in disciplinary action.

## Excused Absences

Excused absences are those resulting from:

- illness
- injury
- medical, dental, optometric, or chiropractic appointments that cannot be scheduled outside of school hours
- family emergencies
- school team sports competitions

Excuses are also usually granted for justifiable personal reasons when the student's absence has been requested in writing by the parent and approved by the Campus Director. Absences that fall into this category include, but are not limited to:

- Observance of religious holiday or ceremony
- Attendance at a funeral service

If an absence is verified to have occurred due to one of the reasons listed above, the school will consider the absence to be excused. A student with an excused absence shall be allowed to complete all assignments and tests missed during the absence as long as it is reasonably feasible. The absent student's teacher shall determine *what assignments the student shall make up and in what period of time*. The tests and assignments shall be

reasonably equivalent, but may not necessarily be identical, to the tests and assignments that the student may have missed during the absence.

## Unexcused Absences

Any absence for reasons other than those listed above as *excused absences* are deemed unexcused. The parent or the guardian of the absent student will be required to provide written explanation regarding all absences within two (2) days. Adequate verbal justification may be accepted until the parent or guardian is able to provide a written note.

Unexcused absences may result from:

- truancy
- early departure for or late returns from vacations
- official school suspensions
- missing school for any other reason
- participation in athletic or other sporting events/competitions not sponsored by the school

**Academic programs for each grade level are organized to be covered in one school year. Therefore, it is important to limit, as much as possible, the number of absences in order for the children to acquire the required knowledge and skills.**

**Excessive absences can have a negative impact on a child's academic progress. Tardiness and absences will be reported on students' report cards.**

## Reporting and Explanation for Absence

- **LILA requires parents to inform the campus office of all absences, no matter the length, by email or in person. In order to maintain effective communication, the child's teachers should be cc'd on the email.**
- LILA requests that parents explain a student's absence either in advance of an absence or the morning of the student's return. Parents may communicate with their campus business manager.
- If a written or adequate verbal justification is not received by the end of the second day following the absence, the absence will be treated as unexcused.
- The school requires a doctor's note after an absence of three days or longer due to sickness before permitting the child to re-enter his or her classroom.

## Late Arrival or Early Departure

The school's expectation is that students are on campus at all times during the school day.

- If a student is scheduled to arrive late or leave early, parents must notify the main office at least 24 hours in advance.

- Parents who come to pick up their child(ren) before the end of the school day, must sign the sign-out sheet at the main office. Only a supervisor is authorized to retrieve students from their classrooms.
- To minimize class absences, elective medical and dental appointments should be scheduled outside the school day whenever possible.

The LILA program is a demanding one, and we view class attendance as crucial to a student's success. Early departure should be avoided as much as possible so as to not compromise the student's learning.

## Family Trips

The school calendar provides a generous vacation schedule. Therefore, we strongly discourage family trips that result in students missing school. Such absences undermine the ethos of commitment and disadvantage the student whose work is interrupted.

Even if the school has been notified in advance of an absence for a family trip, the days missed are unexcused.

## P.E. Release/Excuse

Any temporary excuse from Physical Education class must be requested by the parent in writing and be given to the campus office no later than the first day that the excuse will take effect. An excuse for an absence that exceeds one week in length must be substantiated by a physician's note.

All students excused will be obliged to stay on school grounds to assist in the P.E. class or, pursuant to an agreement with the P.E. teacher, may visit the library. No student will be authorized to leave campus while P.E. class is in session.

## Homework Assignments and Makeups

In the case of any absence:

- Students should assume that any and all missed work must be made up.
- Students should contact other class members or teachers for assignments or class work.
- In the case of prolonged excused absence, the family should contact the Campus Director for help with the collection of assignments, giving at least two weeks' notice when possible.
- Upon returning from an absence, students must make specific arrangements with each teacher to complete required class work.

## Consequences of Excessive Absences

Regular school attendance is essential for a student to make the most of his or her education and excessive absences will have a negative impact on a child's academic progress. Absences from class may result in serious disruption of a student's mastery of the

instructional goals; therefore, the student and parent should make every effort to avoid unnecessary absences.

To put any absence in perspective relative to public schools, California Law defines truancy (which is a juvenile offense that can lead to various consequences for the juvenile as well as his/her parents or legal guardian) as:

- absence from school without a valid excuse three full days in one school year,
- tardy or absent for more than a 30-minute period during the school day without a valid excuse on three occasions in one school year, or
- any combination thereof.

**Tardiness and absences will be reported on students' report cards. At the end of each marking period, families will receive a report listing all absences and tardies to date. If a student accumulates excessive absences or tardies during a school year, the school reserves the right to test the child before considering advancing the student to the next grade level and may recommend the repetition of a grade level. It may also lead to exclusion from LILA.**

## Parent Absence

If parents will be away from home, they should notify the campus business manager via email and provide the name of the guardian left in charge and leave phone numbers where the guardian can be reached.

## Classroom Parties and Parent Presentations

### Classroom Parties and Birthdays

Each teacher has the right to establish his/her own rules regarding all class parties, including birthdays, in accordance with classroom life. Before planning any sort of celebration at school, be sure to check with the teacher(s) involved.

### Parent Presentations

LILA being an international school, teachers may invite parents or family members to present their own culture or country to the class. However, LILA offers a completely secular education. Therefore, presentations made by parents must remain free of religious bias.

## Drop-off & Pickup Policy

### Arrivals on Campus

Attendance is taken at the beginning of every class, so it is important that all students are present.

All students must be dropped off at the designated drop-off points in sufficient time to be at their classes. It is recommended that students arrive 20 to 30 minutes before class starts in order to allow time for play and socialization.

For preschoolers and Pre-Kindergartners, parents need to park in designated spaces, where provided, and escort their child(ren) to daycare play areas. A supervisor will be present to let the child in and complete the sign-in. Preschoolers and Pre-Kindergartners will be transferred from the play area to their respective classroom by the teachers.

**See Appendix for Details**

Parents who have enrolled their children in daycare (for an additional fee) have the option to drop off their children when the campus officially opens.

**See Appendix for extended daycare and detailed drop-off procedure**

### Pickup by Parents/Guardians

Unless the child is enrolled in afterschool daycare, the child is expected to be picked up shortly after the end of school. Parents/guardians must use the sign-out sheets in designated areas for pickup and let the responsible supervisor know.

**See Appendix for detailed pickup procedure**

Parents/guardians are not permitted to enter the playground areas or classrooms. Once the parents/guardians have completed the sign-out sheet and have picked up their children, they are completely responsible for them and must exit the campus.

While we understand parents' desire to take advantage of the drop-off and pickup times to interact with other parents, doing so around the pickup areas interferes with our duty to provide a safe environment for your children. We therefore ask that you sign out and pick up your child and leave the area. If you need to meet with other parents, we respectfully ask that you do so away from the playgrounds and other pickup areas.

We also gently remind all adults that the restrooms on campus are for children only. Adults' restrooms are located in the main office for your use.

### Pickup by Someone Other than Parents/Guardians

Only parents/guardians' representatives as authorized during online registration on InfoSnap are allowed to pick up the children after completing the regular sign-out process. If your authorized representative is not the regular person who picks up your child and is not known to the supervisors, he or she may be required to present a valid ID.

## One-off/Temporary Pickup by Someone Other than Parents/Guardians

To add a person to the pickup list temporarily, parents/guardians must submit a request in writing in advance indicating the level and period of authority given. This request can be made by email. Any such person picking up must show valid proof of identification to staff if asked.

**This procedure is mandatory.** No child will be released to someone whose name is not on the authorized list online, or for whom written authorization has not been given to the campus office.

## Transportation – School Buses

LILA provides subsidized transportation between its elementary campuses (except the Orange County campus) and Burbank, its secondary campus. You were given an opportunity during online registration to enroll for the bus service. If you missed that opportunity and wish to enroll, please see your campus business manager for the costs and refer to the Appendices in this handbook for the daily schedule.

- Parents should review the bus rules of conduct with their children.
- Students should be prepared to board the bus at least five minutes before their scheduled pickup time.
- To assure the safety of their children, parents or an authorized person should be at the bus drop-off point when their child is dropped off. This is especially true for any student using the late bus.

International  
School  
Los Angeles  
Lycée  
International

## LILA Transportation Safety Plan

Please review the [LILA Transportation Safety Plan](#)

The parents of the students using any school bus service and/or a school transportation service for afterschool activities and field trips will make themselves and the student familiar with the requirements of this plan as applicable to their use of school transportation.

## After-School Activities & Vacation Camps

### After-School Activities

The after-school program at LILA offers a safe and nurturing environment designed to allow students to pursue their innate curiosity and enthusiasm through creative, intellectual, and social pursuits. Under the supervision of a combination of LILA faculty and staff as well as a curated list of outside specialists and teaching artists, we provide a diverse range of hands-on activities that are sure to engage, excite, and intrigue young minds beyond the hours of the traditional school day. After-school activities are an integral part of the educational experience, providing opportunities for students to explore new areas, develop their talents, and become acquainted with those in classes other than their own.

The after-school program is divided into two semesters: fall and winter/spring. These age-appropriate enrichment courses will be available Monday through Friday on each campus. There are no after-school activities when school is not in session (e.g., holidays, vacation days, in-service days, etc.).

Exact dates, timing, offerings, and pricing can be found on the LILA after-school activities site (LILA Extra): <https://lilaextra.com/>.

Activities typically vary from one semester to another based on the availability of instructors and/or due to new offerings. Enrollment information will be provided on LILA Extra and will only be finalized upon payment through SchoolCash Online.

All school rules and protocols apply to these activities and after-school staff will be in touch with both caregivers and students' regular teachers, in regards to their behavior during after-school sessions.

### Vacation Camps

During school breaks, students may attend fun vacation camps hosted by LILA. Camps will take place during October, February, April, and summer breaks. Although there may not be a camp offered on each campus during each break, students may enroll in daycare and vacation camps on campuses other than their own.

These exciting week-long programs range in themes. Some past camps have included Circus, Soccer, Fine & Performing Arts, Science, STEM, and more!

Exact dates, timing, offerings, and pricing can be found on the LILA after-school activities site (LILA Extra): <https://lilaextra.com/>.

### Contact

Our After-School Activities & Vacation Camps Manager is pleased to be in touch with the community. Please reach out to introduce yourself or to facilitate any matters regarding after-school activities and/or camps.

Please direct all inquiries to Benjamin Nemser: [benjamin.nemser@lilaschool.com](mailto:benjamin.nemser@lilaschool.com).

## Athletics

The Athletics Department will provide a variety of athletic opportunities that will aid in the overall development of our students' well-being and educational experience. Participation in an athletics program provides students a significant opportunity to build bonds with other students and their coaches.

The Athletics Department's philosophy states: We believe that a dynamic athletics program is significant to students' educational development, as it provides a variety of experiences to aid in the development of favorable habits and attitudes that prepares students for adult life. Strong athletic programs play an equally important role in student well-being.

Families whose children participate in a LILA athletics program will be asked to read and acknowledge a more detailed Student-Athlete Handbook.

Information about teams, schedules, and more can be found at <https://lilaextra.com/>.

Please direct all inquiries to Andrew Sobol, Athletics Manager:  
[andrew.sobol@lilaschool.com](mailto:andrew.sobol@lilaschool.com).

## Field Trips

Field trips are planned by teachers and are designed to enrich the curriculum and to provide students with experiences outside their everyday activities. Information will be sent to parents in advance of any field trip and will include details such as cost, place, departure time, duration, dress, etc.

Depending on the nature of the trip, a permission slip, which must be signed, may also be sent in advance. This will be in addition to any overall field trip permission and release of liability given online during registration, which will continue to apply to all field trips and the associated transportation. The School Cash Online confirmation number must be written on any field trip form, and all the forms must be returned to the child's teacher. Please be sure to return all permission slips on time to enable teachers to focus on the content and safety of each trip.

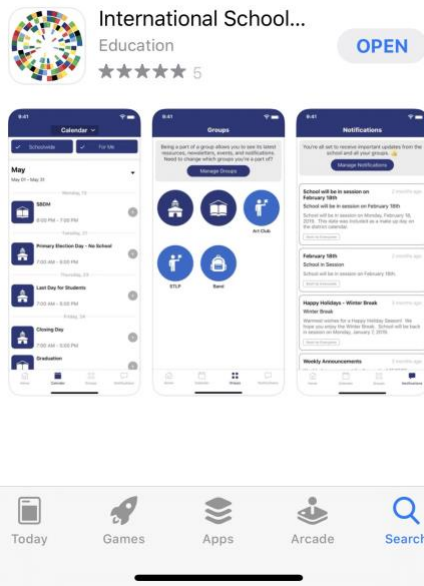

In order to help the teachers and the school to implement a successful field trip with reduced risk, parents:

- Understand that children will be expected to abide by LILA's rules and expectations for appropriate student conduct at all times.
- Understand that a LILA T-shirt is mandatory for all field trips.
- Understand that inappropriate behavior may result in risk and the students being sent home from the trip at parents' expense.
- Agree that field trip supervisors will make decisions regarding the well-being and educational experiences of their child while on this trip.
- Agree to pay any expenses for emergencies for their child. This includes phone calls, extra transportation cost including taxis, legal fees, and medical fees, should the student be sent home before the rest of the group for medical or behavioral reasons.
- Agree to provide any up-to-date medical information and medicine needs of their child that the school must be aware of to the teacher organizing the trip. This is in addition to the medical information provided as part of online registration, which will continue to apply in the absence of any further information.

# Communication

## General Sources of Communication

- **LILA website:** [www.internationalschool.la](http://www.internationalschool.la)
- **LILA Parent Dashboard:** <http://www.internationalschool.la/parent-dashboard/>
- **LILA App**

This handy app can be downloaded on the [Apple App Store](#) and the [Google Play Store](#).

Simply search for “International school of LA”. The app will enable you to keep track of all LILA-wide and Campus happenings via their in-app dedicated calendars, access Mosaique and a whole host of school-related resources, and receive important notifications.

- **Mosaïque - Don't miss out on important info!**

- A weekly campus **newsletter** called **Mosaïque West Valley** is emailed to you with important dates, school updates, upcoming events, articles of interest, and other information.

- **Globetrotter – Be in the know! Get all of the insider info!**

[\(http://www.internationalschool.la/globetrotter/\)](http://www.internationalschool.la/globetrotter/)

Globetrotter is the School’s school-wide e-magazine. Globetrotter showcases a feature video and article on amazing happenings at the School. It also features thought leadership pieces, campus, academic, athletics and extracurricular

updates. **Globetrotter** is emailed to you several times each year and will be available online on the School's website.

- **Email**

Each teacher will establish his/her own homeroom communication system.

All LILA employees have a LILA email address following the **firstname.lastname@lilaschool.com** format.

LILA works diligently to keep you informed of school life in various ways. It is your responsibility to be aware of the resources available to you, and to regularly peruse them in order to stay apprised of classroom communication, updates, and events. **All pertinent announcements, upcoming events, and important information will generally be sent by email. It is important that you advise your campus business manager promptly on any change of email address following online registration.**

You should also check your child(ren)'s *cahier de texte*, as homework and other information is written in this notebook. Emails will be used for meeting requests and to follow up on implemented plans.

**In order to facilitate communication, please copy the Campus Director on all correspondence regarding policy questions, behavioral issues, overarching academic concerns, and requests for special arrangements of any kind.**

## Parent Dashboard

Parent Dashboard is a source of valuable information and resources.

## Online Communications - Social Media Responsibilities

A successful school is a collaborative school. Everyone who is involved in the school is working together to ensure the success of the students. This involves the faculty, the students, the administration, the parents, and anyone else connected to the school whether formally or informally (board members, neighbors, outside benefactors, etc.).

By the fact that you have enrolled your child at LILA, we hope and expect that you will support the school in its vision, its mission, and its values, and will respect its policies and procedures. A parent may have private reservations about some ways the school functions or the conduct of another parent, and we encourage you to contact your Campus Director in the first instance. In public situations, including online blogs and social media, your words and actions are expected to be measured and appropriate as they not only affect you and your child but also the entire school community.

We encourage parents to participate in the official Social Media activities of the School by sharing photos and reviews on our Yelp! pages; following, sharing and commenting on our

posts on our official Facebook page, Instagram profile, and LinkedIn page; and retweeting and favoriting our tweets on our Twitter page.

These resources can be found at the following URLs:

**Yelp! West Valley Campus page:** <https://www.yelp.com/biz/international-school-of-los-angeles-lycée-international-tarzana>

**Facebook page:** <https://www.facebook.com/LyceeeInternationalDeLosAngeles>

## Photographs, Videos, and Other Recordings Taken by Parents

Parents are welcome to take pictures, videos, and other recordings of their own children while on campus. If other children are present included in the recording, parents must not share, post, or otherwise publish them without first obtaining express written permission from the other children's parents/guardians. The School will not be held responsible for non-compliance.

## Use of LILA Family Directory - Restrictions

A family directory is for the personal use of LILA families and should be used exclusively to contact each other for organizing study groups, classroom activities, and social interaction. Information contained in the LILA directory may not be disseminated to third parties and may not be used for any purpose unrelated to LILA educational activities, including but not limited to commercial, charity, or religious purposes.

The LILA family directory is not intended to, and **must not**, be used for mass distribution of general information and sharing of public news, attaching articles, or dissemination of website and social media links. If you become aware of an issue that you believe the school and the parents need to be aware of, we respectfully request that you bring it to your Campus Director who can then share the information with the wider school community as appropriate.

## Classroom Interruptions and Message Relay

In order to protect the children and our campus safety, classroom interruptions will be kept to a minimum. All arrangements should be made before the child leaves home in the morning. Therefore, unless there is a dire emergency, the office will NOT relay a message to your child. Please plan ahead and let your child know of your after-school plans. Take time now with your child to go over alternate plans that you have made in case you do not show up on time. Also, if your child is to go home with other adults, please discuss in detail with your child exactly when he/she would be permitted to do so and let him/her know which of your authorized people will pick him/her up.

International

## Parent/Teacher Conferences

In order to inform parents about their child(ren)'s academic situation(s), every trimester LILA invites parents to attend a formal Parent/Teacher conference with their child's French and English teaching team. Additionally, LILA prepares a report card for each student which includes the teachers' comments from the staff meeting (*Conseil de classe*). This will typically be sent either by mail or email to parents after the conferences.

## Health, Immunization, and Hygiene

Among the documents parents complete each year online, one is called **Health Information**. This document must contain all medical and allergy information as well as the health insurance provider details, which is especially important to know during field trips. It is imperative that parents inform the school regarding allergies that may affect their child's health, particularly food allergies. The school must be informed immediately in writing of any need to update the health information, with full details of the change.

### Health Insurance

The parents are fully responsible for ensuring that their child(ren) have adequate health insurance whether in the school or out of the school. During field trips or sporting activities, parents are fully responsible for all health provision costs that may arise. The school liability insurance is a limited secondary student insurance and may only cover out of pocket expenses such as co-pay not covered by the student's own primary health coverage in the event of an accident on school grounds or during field trips. Any claim must first be made through your own insurance policy.

### Illness or Accident

A student returning to school following a serious or prolonged illness, injury, or hospitalization must have written permission from a licensed physician to attend school, including any recommendations regarding physical activity.

A student returning to school with any form of stitches, casts, splints, crutches, or a wheelchair must have a licensed physician's written permission to return to school, including any recommendation on physical activity.

LILA staff members have attended basic CPR and First Aid training. Whenever students are sick or are involved in an accident, they are taken care of by the trained staff. If deemed necessary though the school does not retain a qualified nurse in the campus:

- The school may ask the parents to pick up their child so that the student can receive full attention and professional medical care.
- Students who show symptoms of contagious illness should be kept at home until well or cleared by a doctor.
- In case of serious injuries or health concerns, the school will call 911, emergency services to treat the child. The student will be taken to a hospital as deemed necessary by the emergency services personnel. The school cannot delay the departure of emergency vehicles for the arrival of a parent or a guardian, as this may put the safety of the child at risk.

## Medication

If a child must receive medication or medical treatment during school hours:

- ***The parents must provide a written statement from an authorized health care provider licensed by the State of California to prescribe medications detailing the type, method, amount, and time schedules by which such medication is to be taken. The parents must provide the necessary medication in its original container to the Main Office or First Aid Center (not to the child's teacher) with a copy of the doctor's prescription, if the treatment requires one.***
- ***In addition, the parents must complete and sign the Consent for Administration of Medication Form stating that the school is authorized to give it to the child as directed (with exact dosage and schedule). The supervisors will pay close attention to the directions given by the doctor and the parents. This form can be obtained from your campus business manager or downloaded at:***
  - [Preschool-Pre-K Form](#)
  - [Kindergarten-5th grade Form](#)
- ***Students are not authorized to carry prescription, over-the-counter, or homeopathic medication of any kind unless negotiated and agreed upon in writing with the administration. This may be the case for inhaled asthma medication or auto-injectable epinephrine medication.***
- ***A written statement from the parent or guardian of the student consenting to the self-administration (as appropriate depending on the student's age) is required. This must include consent for the school to consult with the physician regarding such self-administered medication (as appropriate depending on the student's age). It must also release the school and its personnel from liability in the case of adverse reaction or failure to take such medication. Certain Asthma Action Plans may be sufficient for students to carry and self-administer asthma medication at school depending on the age group. The [Self-Carried Medication Authorization form](#) must be filled out and submitted to the School.***

## Immunization and Communicable Disease Prevention

All pupils must meet the immunization and health check requirements of the State of California for preschool (pre- Kindergarten) to school age children (K-12) for enrollment at the school (LILA). Any guidance and references given below are for convenience only and the ultimate responsibility to meet the state of California immunization laws remains with the parents and their CA licensed health professional. Where there are any discrepancies between these guidelines and the requirements of the state of California, the immunization laws of the state of California shall take precedence.

This section currently does not address COVID-19 related issues, which are addressed in ongoing communication from the campus team and School Administration, as well as in the School's COVID-19 Safety Plan (CSP). Where there is discrepancy between the

requirements of this section and the COVID-19 policies, the current COVID-19 policy requirements shall take precedence.

Please be aware that:

- Medical exemptions may be signed only by a California Licensed Physician. This means an individual either holding a “physician’s and surgeon’s certificate” issued by the Medical Board of California or “osteopathic physician’s and surgeon’s certificate” issued by the Osteopathic Medical Board of California to practice medicine in California.
- Each temporary medical exemption may be issued for no more than 12 months.
- Until January 1, 2021, parents will continue to submit medical exemptions using a form or letter prepared by their medical provider. Beginning in January 2021 all medical exemptions will be submitted electronically directly into the California Immunization Registry (CAIR) utilizing a standard form which will be the only documentation of a medical exemption that the school may accept through the state of California.
- Commencing in January 2020, the parents of students with existing medical exemptions will need to submit a new exemption when the student begins a new “grade span” in school year 2020-2021. The three grade spans are: A) birth to preschool, B) kindergarten (including transitional kindergarten) to 6<sup>th</sup> grade, and C) grades 7-12. For existing students, this means any existing medical exemptions will not be accepted for the 2020-2021 school year if your child starts a new grade span, i.e. starts in Kindergarten or 7<sup>th</sup> grade.
- Medical exemptions issued prior to January 1, 2020 could be revoked by the state if they were written by a doctor subject to disciplinary action by the Medical Board or the Osteopathic Medical Board of California.
- Parents or guardians wishing to retain their child’s existing medical exemptions issued prior to January 1, 2021, must submit to the California Immunization Registry (CAIR) a copy of the medical exemption granted prior to that date for inclusion in a state database in order for the medical exemption to remain valid beyond January 1, 2021. (2) Commencing January 1, 2021, an exemption issued before January 1, 2021, pursuant to this subdivision is also valid only if the parent or guardian has complied with paragraph (2) of subdivision (c) of Section 120372 which requires a statement certifying that the physician and surgeon has conducted a physical examination and evaluation of the child consistent with the relevant standard of care and complied with all applicable requirements of this section.

### ***Unconditional Admission***

Any pupil entering school for the first time in the fall of 2020 must be fully immunized in line with CA law before they will be unconditionally admitted to the school. All returning students must review their existing immunization status with their CA licensed medical professional and meet the current immunization requirements in line with CA law before they will be unconditionally admitted to the school.

For unconditional class attendance the only exemption still accepted in California is a medical exemption signed by a CA Licensed Physician and in compliance with Senate Bill 276. Additionally, any returning 5<sup>th</sup> and 6<sup>th</sup> grade student re-enrolling in the fall of 2020, who has a letter or affidavit on file stating beliefs, opposed to immunization dated, prior to January 1, 2016, may also be conditionally allowed to continue to be enrolled but only until the student moves into 7<sup>th</sup> grade.

*i.e. : if an existing student is starting in 5<sup>th</sup> or 6<sup>th</sup> grades in the fall of 2020 with a valid Personal Belief Exemption (PBE), dated prior to Jan 1 2016, no further vaccines or no other exemption will be required by law in the same school until 7<sup>th</sup> grade. However, when this student enters 7<sup>th</sup> grade, all the required vaccines must be up-to-date.*

### **Conditional Admission**

Any pupil including preschool/pre-k and K-12 pupil seeking admission to the school who lack the documentations of having received all the required vaccine doses for the pupil's age or grade as specified in Table A or B of section 6025 of California Code of Regulations Title 17 (Division 1, Chapter 4), and has not obtained an exemption in accordance with section 6051 of Title 17 and Health and Safety Code sections 120335 and 120370 or as amended in line with SB 276, may be admitted conditionally only if:

- The pupil has commenced receiving doses of all the vaccines required for the pupil's age or grade in accordance with Table C or D of section 6035 of Title 17 and is not currently due for any doses at the time of admission. The parents must submit a schedule of vaccination signed by a California Licensed Physician for the completion of all the remaining doses in accordance with Table C or D of section 6035 of title 17. Any failure to meet this agreed schedule is a cause for exclusion from the school until the completion of all outstanding immunizations. Submissions from non-CA licensed physicians are not acceptable and must be verified by a CA licensed physician.
- For a pupil transferring into the school from another school in the United States at Kindergarten through 12<sup>th</sup> grade whose immunization record, as specified in section 6065 or 6070, the school has not been received by the school at the time of admission, the school may admit the pupil for up to 30 school days. If the school admits the pupil for up to 30 school days and the pupil's immunization record has not been received at the end of this period, the school shall exclude the pupil from further attendance until the parent or guardian provides documentation of compliance with the immunization requirements specified in Title 17 and sections 6025 and 6040(a). Documentation of compliance from the parent or guardian must be provided as specified in sections 6050, 6051, and 6065, as applicable.

Notwithstanding the above conditional admission provision:

- a pupil transferring into the school from another school in the United States on the first day of 7<sup>th</sup> grade or is an existing student advancing to 7<sup>th</sup> grade, who has not provided to the school, documentation that the pertussis requirement including all pertussis boosters as appropriate for the pupil's age has been met by the time of admission, shall not be admitted by the school.

- full immunization against hepatitis B shall not be a condition by which the school shall admit or advance any pupil to the 7th grade level.

### *Temporary Exclusions from the School*

The school will maintain an up-to-date list of students with lawful exemptions as defined above, and these students will be excluded from school immediately if an outbreak occurs. The students who are not fully immunized will be excluded in line with guidelines set forth by the state Department of Health and Department of Education, as well as by the Center for Disease Control and Prevention and national standards.

Temporary exclusion of a student from school may also occur for communicable diseases, including, but not limited to, the following conditions: conjunctivitis (pink eye), skin infections (impetigo), strep throat, chickenpox, scabies, head lice, and pertussis (whooping cough). Exclusion may occur immediately or at the end of the school day, depending on the disease and its risk to other students.

Any student excluded from school with flu-like symptoms and/or a fever of 100 °F (37.8 °C) or greater must be free from symptoms and fever for at least 24 hours, without the use of fever-reducing medication before returning to school.

An effort will be made to notify parents/guardians about school exposure to any communicable disease that poses a risk to students. The parent/guardian of a student for whom any communicable diseases presents a particular hazard should contact the campus business manager and state the medical reasons in writing.

### *Exclusion Due to Exposure to Disease*

If the school has good cause to believe that a student has been exposed to a CA "Required Immunizations" and his/her documentation of immunization does not show proof of immunization against that disease, that student may be temporarily excluded from the school until the local health officer informs the district in writing that he/she is satisfied that the student is no longer at risk of developing or transmitting the disease. (Health and Safety Code 120370)

### *Records*

The school shall record each student's immunizations in the California School Immunization Record form and retain it as part of the student's mandatory permanent student record. The school shall maintain the confidentiality of immunization records and may disclose such information to state and local health departments only in accordance with the requirements of the law. (Health and Safety Code 120375, 120440; 17 CCR6070)

## **Pediculosis and Lice Treatment**

Pediculosis (lice infestation) is a common problem in all school-age children, especially young children. Random checks may be done, especially after long breaks, but checks will not be scheduled or systematic, unless the administration deems it necessary for the health and well-being of the school community. Teachers and other staff will be vigilant for signs of a potential outbreak and will request a head-check.

At any time, if a student is found with lice, the main office will notify the parents and ask them to pick up their child. Upon the student's return to school, he/she must go to the main office for a final checkup before going back to class. If the student is still found with as much as one nit, he/she will not be able to attend school until the matter is resolved.

On discovery of a lice infestation, parents in all concerned classes will be notified (the identity of affected students will be kept in strict confidentiality). It is the parents' responsibility to perform regular lice checks at home and manage treatment. Parents are expected to notify the administration as a courtesy if lice are found so that the spread of lice can be minimized.

## Health Check

All students entering the **first grade** require a comprehensive physical health examination under CA state law, which may be done by a private health care provider. This can be completed any time between 18 months before first grade entry and 90 days after entry into first grade. We strongly recommend that this takes place while the students is in Kindergarten. You can download [Form PM 171a- Report of Health Examination for School](#) by clicking on this link or ask for a copy from your campus business manager.

## Discipline: Remediation and Interventions

### Prohibition of Discrimination

LILA is committed to providing a working and learning environment free from discrimination, harassment, intimidation, and bullying. In compliance with Federal and State law LILA does not discriminate against any student on the basis of disability, religion, race, color, or national origin, actual or perceived sex, sexual orientation, and gender (including gender identity, gender expression, marital status, pregnancy, childbirth, or related medical condition).

### The Positive Discipline Framework

The International School of Los Angeles has adopted a "Positive Discipline" framework, based on the work of Jane Nelsen and Lynn Lott, who revolutionized behavior management in schools with their Positive Discipline guide in 1992. In the positive discipline approach, educators model respect, dignity, and friendliness towards each child. Within this approach, educators place an emphasis on socio-emotional skills in conjunction with academics to result in a well-rounded and holistic education. As part of our goals as educators to prepare students for their life after LILA, we focus on skill building, mediation, self-regulation, and logical consequences to solve problems and direct our disciplinary actions.

Following the global COVID-19 pandemic which began in 2020, trauma-informed practices such as the Positive Discipline approach are crucial for navigating the long-term effects of the last several years. As such, the Positive Discipline model helps students and educators understand how the brain adapts to stress and how people can learn to overcome these stressful moments while self-regulating, gaining awareness, and practicing resilience. This pivot towards Positive Discipline will strengthen our LILA community while supporting our students as they learn the importance of empathy, social awareness, and decision making.

### Student Code of Conduct

*LILA expects its Student Code of Conduct to be followed by every LILA student while on school grounds, or when traveling to and from school or a school-sponsored activity, while in school-provided transport and during lunch period and recesses, whether on or off campus.*

LILA believes each student has the right to learn in a comfortable environment that is inclusive and safe. The best educational opportunities exist when an appropriate school environment is maintained. The faculty and staff at LILA recognizes the need to uphold consistent expectations and procedures throughout the school.

Part of a healthy environment is the freedom to openly discuss issues and conflicts as they arise. This imposes a responsibility to resolve disagreements with respect for the rights and opinions of others while providing a space for people to be heard.

These procedures are in place to guide students toward taking a more responsible and self-regulatory posture in our school environment.

### **The Student Code of Conduct includes the following expectations:**

- We help keep our school safe, neat, and orderly.
- We make choices that are mindful of others.
- We keep hands, feet, and objects to ourselves at all times.
- We use appropriate and respectful language, mindful of the audience.
- We follow directions from all LILA faculty and staff and interact with them in a respectful manner.
- We resolve disputes respectfully, without resorting to physical or verbal violence.
- We will seek the help of a faculty member, staff member, or administrator when we need help resolving a disagreement.
- We will immediately report incidents of [potential] bullying and/or physical altercations to LILA faculty or staff.

*\*\* Conflict resolution procedures shall not supplant the authority of staff to act to prevent violence, ensure campus safety, maintain order, and discipline students. \*\**

*\*\* LILA prohibits retaliatory behavior against any complainant or any participant in the complaint process. \*\**

## **Bullying (Hazing, Teasing, Intimidation), Cyber Bullying, Other Forms of Harassment**

### **Bullying Defined**

Bullying is a repeated aggressive behavior where one person (or group of people) in a position of power deliberately intimidates, abuses, or coerces an individual with the intention to hurt that person physically or emotionally. Acts of bullying can be physical or verbal. Many young people can be unkind to each other during adolescence as they refine social skills and grow into adults. While these interactions are unpleasant, there is a clear line between conflict and bullying. Incidents of bullying must include all three of these characteristics:

1. Intentional: the behavior was aggressive and a deliberate attempt to hurt another person,
2. Repeated: these aggressive actions occur repeatedly over time to the same person or group of people, and
3. Power imbalance: the person bullying has more physical or social power than the person or group of people being bullied.

In the elementary grades, the director will also consider if the conflict has taken place across grades where age-appropriate behavior may differ.

Some examples of bullying include but are not limited to:

- **Physical:** punching, hitting, kicking, spitting, shoving, and other acts that hurt people physically

- **Verbal:** teasing people in a hurtful way, threatening, name-calling
- **Psychological:** spreading rumors or gossip about people, excluding certain people from a group with bad intentions, intimidating, getting friends to “gang up” on others
- **Sexual:** touching, assault, exhibitionism
- **Cyber bullying:** bullying may also occur through the internet or other forms of technology. It is saying, sending, or posting hurtful material through phones, cell phones, texting, pictures, video, emails, or social media of any kind.
- **Civil rights violations:** the following are protected groups under California law, where bullying and harassment under any of these categories is considered a violation of someone’s civil rights:
  - Disability
  - Gender
  - Nationality
  - Race or ethnicity
  - Religion
  - Sexual orientation

Any behavior determined not to be bullying but inappropriate for school will be handled accordingly.

## Reporting an Incident

- All incidents of bullying or any other behavior that is reported as harassment or discrimination should be reported to the Campus Director in writing. The Dean of Students and/or campus team should be in copy of the communication sent to the Campus Director.
- The School will acknowledge the incident within 24 hours (or the next school day). In the School’s acknowledgement of the incident, the Campus Director will determine the nature of the incident e.g. bullying or age-based conflict.
- All incidents reported will be considered confidential. However, it may be necessary to disclose certain information in order to effectively investigate an incident.
- The Campus Director / campus team will investigate all claims made and decide on the most appropriate course of action to resolve the incident.
- The Campus Director / delegate will inform parents of any type of bullying or any other form of harassing behavior that it becomes aware of and will take appropriate action.
- The School will provide regular updates to all parties when an investigation is necessary.
- The campus team will communicate outcomes to the parents of all children involved in the incident when the investigation is completed

## LILA Anti-Bullying and Conflict Resolution Policy

- All faculty and staff, students and their parents will have received this policy prohibiting intimidation and bullying at the beginning of the school year, as part of this handbook and/or information packet, as part of new student orientation, and/or as part of the school system's notification to parents.
- Each complaint of bullying will be promptly investigated.
- Faculty and staff who witness acts of bullying shall take immediate steps to intervene when safe to do so. People witnessing or experiencing bullying are strongly encouraged to report the incident; such reporting will not reflect on the person being bullied or the witnesses in any way.
- LILA incorporates conflict resolution education and problem-solving techniques into the curriculum and campus programs. This is an important step in promoting respect and acceptance, developing better ways of communicating, understanding, and accepting each other's values and cultures within the school community.
- Where appropriate, LILA provides opportunities to develop the knowledge, attitudes, and skills students need to choose alternatives to violent and aggressive behavior and resolve interpersonal disagreements.
- LILA's Student Code of Conduct must be followed by every student while on school grounds, when traveling to and from school or a school-sponsored activity, in school-provided transport and during lunch period and recesses, whether on or off campus. Any misconduct will be disciplined.
- LILA will not tolerate behavior that infringes on the safety of any student. A student shall not intimidate, harass, or bully another student through words or actions. Such behavior includes: direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling; and social isolation or manipulation whether in person or online.
- To ensure bullying does not occur on school campuses, LILA will provide faculty and staff development training in bullying prevention and cultivate acceptance and understanding in all students and faculty and staff to build LILA's capacity to maintain a safe and healthy learning environment.

## Misconduct and Consequences

In order to support learning, emotional and social growth, a high standard of appropriate behavior and safe school climate is emphasized and expected at LILA. In the event of any conduct-related issues, parents may be contacted by phone and/or email, or issued an Official Behavior Incident Report.

The goal of Positive Discipline is to help children develop caring and respect for self and others by establishing conflict resolution and problem-solving abilities. The school staff will adopt remediation techniques that are appropriate to the gravity of the incident.

Students are taught to resolve conflicts and overcome problems and to take responsibility for their actions and words. Possible consequences of minor inappropriate behavior include

but are not limited to – a letter of apology, problem solving during recess, a lunch break or after-school restriction, behavior contracts, a note from the Campus Director, and/or a call home. Our desire is to work in partnership with parents to resolve behavioral problems.

In the event of a more serious problem, parents will receive an Official Behavior Incident Report and will be contacted by the Campus Director. If the student accumulates multiple Official Behavior Incident Reports, parents must attend a meeting with the Campus Director (and faculty/staff, if applicable).

In order to solve complex issues which go beyond the educational field, the school and/or the parents may work alongside social workers or medical professionals.

## Parent Responsibility and Expectations

- Our goal at LILA is to assure that each student achieves success to his/her highest potential. We believe that you, as parents, play an important role in helping your child achieve our LILA expectations, both academic and behavioral. With your cooperation and help, we can provide a positive, productive, and safe learning environment for your child.
- We believe each student has the ultimate responsibility for the consequences of his/her behavior. If your child exhibits unacceptable behavior at school, you may be asked to collaborate with the school in order to provide consistency in expected behaviors.
- We ask that all parents follow a similar code of conduct to our students and our faculty and staff. The following is a list of parent-specific expectations that will support your child's learning:
  - Ensure that your child arrives at school each day on time and ready to learn.
  - Set an appointment with faculty and staff when needing to discuss your child.
  - Use respectful words and actions with faculty and staff.
  - Refrain from disciplining children that are not your own.
  - Stay informed by promptly reading all notices including Mosaïque (weekly newsletter), emails, etc.
  - Review papers and information from school, and, if required, return them in a timely manner.
  - Review the Parent Handbook and refer to it for pertinent information about policies, procedures, and daily campus life.
  - Sign up for and attend Parent/Teacher Conferences.
  - Show good sportsmanship when attending athletic events.
  - Represent the school when chaperoning field trips.
  - Obey the traffic requirements and parking rules on campus and in neighboring streets.
- Review homework assignments and offer assistance when needed.

- Ensure that your child is appropriately dressed for school each day.
- Reinforce appropriate school behavior expectations.
- Alert the school to any absences, changes in pickup arrangements, etc.
- Alert the school to any personal data changes such as home address, emails, phone numbers, marital status, etc.
- Alert the school to any changing health and medical requirements of your child.
- Alert the school to any major family challenges at home.
- Ensure your child meets the State's immunization requirements.
- Respect the lunch and food policies.

## Parent Complaints and Concerns

Parents have the right to file complaints regarding any school/campus policy and procedures affecting rights of privacy, child safety and security, or accuracy of student records. All such complaints should be made to the Campus Director in the first instance.

## Code of Conduct

### Dress Code

**Please refer to the West Valley Uniform Policy in the appendices.**

For general guidelines please see below.

- **The dress code requires that students wear clean clothes in good condition and of the appropriate size, which are suitable for school life.**
- All presence of slogans or pictures promoting violence, racism, discrimination, obscenities, drugs, or alcohol is prohibited on clothes.
- **Excessively revealing shirts, shorts and skirts, thin or spaghetti straps, midriff tops, makeup, flip flops, and shoes with heels are prohibited.**
- Hats and visors are not permitted in class.
- **Field trip T-shirt is mandatory on school field trips. If a student is dropped off at school for a field trip without a field trip T-shirt, they will be issued a new one and parents will be invoiced on School Cash Online.**
- Final decisions regarding appropriateness of dress or appearance rest with the Campus Director, and parents will be contacted when attire is found to be inappropriate.

### Electronic Devices, Computers, Phones, Toys, and Games

- LILA does not encourage bringing electronic items of value to the campus such as laptops, tablets, cell phones, iPods, cameras, electronic games, music players, etc., since these may be subject to loss, theft, or damage. Students are not allowed to use audio or electronic devices on campus unless expressly authorized beforehand by teaching staff or administration for specific events. Example: students may be allowed to use personal electronic devices to take pictures during a field trip.
- Laptops, tablets, cell phones, and e-readers have to be turned off and must remain in the students' backpacks or lockers where provided during school hours. If students do not comply with this rule, the items will be confiscated and returned to the parents. Habitual offenders will be barred from bringing such personal equipment to school.
- No voice or video recording is permitted in classrooms or administrative areas of the school unless sanctioned by the teacher/administrator on a case-by-case basis as part of the educational needs.
- All costly personal objects, toys and jewelry are banned.
- No toys from home are allowed, especially those involving violence and/or inappropriate behavior.

- LILA will not be held responsible for any lost or stolen toys and other valuable belonging. LILA insurance does not cover personal belongings of students, parents, or staff.

### *Internet Access and LILA Student Email Address*

LILA provides access to the Internet for educational use only through LILA's computer network. LILA's website is [www.internationalschool.la](http://www.internationalschool.la).

Starting in first grade LILA provides students a Google for Education account. All student emails follow the format [firstname.lastname@lilalions.com](mailto:firstname.lastname@lilalions.com). The Google account will continue to be available to the student for a period of one year after leaving LILA, unless parents/guardians request that the account be suspended sooner.

All uses of LILA's computers and networks are regulated by LILA's Web Use Policy and intended for educational purposes. A copy of this policy is made available to you when you sign on to LILA networks. You may also request a copy from your campus business manager at any time.

Access and use of LILA internet, including email accounts, are privileges, not rights and no user of a LILA-provided email account should have an expectation of privacy. LILA system operators have access to all user accounts and the data which they contain. LILA has no responsibility to backup these student email accounts. It is the user's responsibility not to initiate access to material that is inconsistent with the goals, objectives and policies of LILA. Access to the email account is free to actively enrolled students.

The purpose of providing access to the Internet and LILA email account is for information sharing between the school and parents, and for instructional activity as part of necessary LILA educational programs and teacher-student communication. Starting in first grade, students will automatically be provided a LILA e-mail account by the administration prior to the start of the school year. All parents/guardians of student users who access the Internet from any LILA campus using LILA computers or from a remote location connecting with any LILA facility or use LILA email services are deemed to have consented to the use of such facilities by the students.

Any parent/guardian who has objections or concerns must bring these to the attention of the Campus Director.

In addition to a Google for Education account, LILA may provide other online accounts to students for educational purposes.

**By receiving this handbook, parents/guardians consent to LILA to create the above-mentioned accounts for their child. The list of those online resources can be requested by parent/guardian from the LILA IT Team.**

LILA uses available technology which is compliant with the Federal Children's Internet Protection Act (CIPA) to block access to Internet sites that are:

- Obscene, contain child pornography, or harmful to minors. The parents acknowledge that the blocking technology may not be 100% effective, and there is no technical substitute for adequate supervision of a child connecting to the Internet

from school or home. For all elementary students, only LILA computers are to be used under the supervision of the teachers at school.

- Student users must not use LILA student email accounts for unlawful purposes or for purposes against the ethos of the school and its expectations from the students, or to threaten, demean, defame others on the basis of race, religion, creed, color, national origin, ancestry, physical handicap, gender, sex and sexual orientation or other reason. Further, access to the LILA's network, including the internet and email, shall not be used for bullying or other such activity for the purpose of harming another student.
- Personal downloads, particularly if they are of copyright protected materials in violation of LILA's Acceptable Use Policy are forbidden and students are subject to discipline for unapproved and/or unlawful downloading activities.
- Any unauthorized access/hacking into LILA's website and network services or student records in violation of LILA's Acceptable Use Policy can lead to loss of Internet/email privileges, and further disciplinary and/or legal action may also be taken.
- Any statement of personal belief in email or other posted material is understood to be the author's individual point of view and not that of LILA.

## Conduct on School Buses

In line with Title V, California Code of Regulations section 14103 students transported in a school bus or in a school vehicle shall be under the authority of, and responsible directly to, the driver of the bus. The driver is responsible for the orderly conduct of the students while they are on the bus or if being escorted across a street, highway, or road.

- The same campus rules of conduct and behavior apply to any ride on school buses. Any student who engages in disruptive or unsafe conduct during school bus travel, whether between campuses or during a field trip, or disrespects the school bus driver is subject to disciplinary action, including suspension or removal from the bus transportation program.

## Education, Records and Campus Life

### Homework

The purpose of assigning homework is to give students the opportunity to practice skills, engage in critical thinking, build autonomy, and develop good work habits. Assignments are designed to help your child get the most out of his/her education and meet his/her needs. Homework is a collaborative effort between home and school and provides an opportunity to establish essential study habits for long-term learning.

Homework includes out-of-class tasks assigned to students as a follow-up or extension of classroom work. To that point, memorization and review of lessons studied in class are key to solidifying learning in Cycles 2 and 3.

Work should be completed by the student him/herself. However, during this important time of autonomous study, it is highly recommended for parents to take an active interest by providing an appropriate place to do homework and by giving encouragement throughout the process.

Your child's teachers work in coordination to balance homework/tests/projects assigned in each language weekly. The amount of time spent on homework will vary for each child. If your child needs accommodations or is consistently spending excessive time on homework, please confer with the teachers.

### Reading Requirements

In addition to assigned homework, students are expected to read daily outside of the school day. In our bilingual curriculum, free reading each week in both French and English is essential for building vocabulary and strengthening spelling skills. Children who cannot read independently should be read to or read with daily.

- In Cycle 1 (PS-PK-K) you are encouraged to read to your child nightly for at least 10 minutes in whichever language(s) you are able.
- In Cycle 2 (1st-2nd-3rd) students should read at least 1 hour in French as well as 1 hour in English weekly.
- In Cycle 3 (4th-5th) students should read at least 1.5 hours per week in each language.

You may wish to read a book alongside your child to encourage the love of reading.

\*Note : Other than reading, homework will not be given over school breaks, and no test will be given on the day following a break.

### School Supplies

- Students must be responsible for their belongings as well as for school property, particularly the textbooks.
- If students return damaged textbooks at the end of the school year, families will be asked to reimburse the cost.

- If a textbook is lost, the student must inform the campus librarian and pay for the replacement of the lost book before a new one will be issued.
- All textbooks must be covered and have the name and the class / grade of the student.

## Transcripts

LILA does not provide academic transcripts at the elementary level. Parents may request official copies of report cards, standardized test scores, and health records by submitting the official Records Request Form. Please allow 7-10 business days after receipt to process records requests. In order to be considered “official,” school records must be sent directly from LILA to another institution. Records given to parents are considered “unofficial.” Expedited service is not available.

## Library Books

Your child’s class will have the opportunity to visit the school library to check out library books. Please be sure to return borrowed books to the school in good condition and in a timely manner.

If a book is damaged or is not returned by the final due date at the end of the school year, you will be invoiced for the price of the book (plus applicable sales tax and shipping fees) on School Cash Online.

You may also choose to replace the book with one of the exact same title, format (paperback vs. hardcover), and language yourself.

## Lost and Found

Please label outer clothing and lunch boxes with your child’s first name and last initial so that lost items can be returned to the child.

**By the end of the day, lost and found clothes as well as personal belongings are collected and stored in a specific place on campus.**

**All items will be kept up to the last day preceding every school break. Unclaimed lost and found items will be gathered and given to charity.**

## Snack Time

The school will offer a mid-morning and a mid-afternoon snack for children who are in full-day programs and one snack for half-day programs.

Menus will be in writing and posted at least one week in advance in an area accessible for review by the child's authorized representative. Copies of the menus will be dated and kept on file for at least 30 days. Menus will be made available for review by the child's authorized representative and the Department of Social Services upon request.

For detailed Preschool and Pre-K legislative provisions and nutrition requirements see the **CHILDCARE CENTER FOOD PROVISION– SNACK SECTION** in the Appendices.

For General nutrition guidance for all age groups refer to the Food and Nutrition Services (FNS) guidance material.

## Lunchtime

Leaving the campus at lunchtime is not permitted. Lunchtime is an important part of school life and the students must not be taken off campus by parents/guardians at lunchtime. The supervisors maintain an educational attitude towards the importance of lunchtime:

- After washing their hands, students sit and have lunch with their classmates.
- Before lining up for class, children are encouraged to help gather and put away playground equipment and to pick up their belongings.

Students may bring their lunch to school (except frozen food). It is important to your child's growth and development to eat a nutritious lunch. Please do not include candy or soft drinks in your child's lunch, as they are not permitted on campus. Chips and other fatty items should also be omitted. The good eating habits your child develops now will remain with him/her for the rest of their lives.

- Each student is responsible for cleaning up his or her own trash at school, especially after lunch and snack time.
- The use of Thermos is encouraged in order to avoid on-site re-heating.
- Lunch must be placed in a glass or a plastic container (such as a Tupperware with a ventilated lid). Only those will be warmed up using microwaves at school.
- Candy, sodas, and energy drinks are not allowed.
- If a student does not have a lunch, the school will call the parents. Arrangements will be made with the parents.
- Parents are encouraged to put the child's name on lunch boxes and other containers. Parents should provide enough nutritious snacks, meals, and beverages for the school day.

## Recess

The time allotted for recess is for relaxation and for children to organize their own activities and games. The playground is a place to learn about social life. The supervisors look out for the security of the children and ensure that the games do not involve elements of physical danger. They also make sure that children who leave the playground alone (to go to the bathroom, for example) come back in a timely matter. Once recess is over, the children must line up calmly and return to class to continue their academic activities.

## Playground

Play should take place in designated playground areas and not in front of the school, in bathrooms, in hallways, or around buildings.

- Careful running is only permitted in the playground. No running in the lunch areas.
- Students need approval from the yard supervisor when leaving the playground during recess.
- Students may not be excluded from participating in a game. Games may not be “locked” even if the ball was brought from home. Students may not take a ball away from a game after it has started.
- Bicycles, rollerblades or skates, skateboards, and scooters may not be ridden on campus.

## Security and Emergency Procedures

We are committed to maintaining a school that is safe and secure for our students. Considerable time, expertise, and funds have gone into strengthening safety and security measures on our campus. Keeping our school safe is everyone's responsibility. Parents are also an important part of our safety and security plan. They can help by emphasizing to their children the importance of following school rules.

### Visitors

Entering and departing campus during school time is strictly controlled. Any adult who enters the campus outside the drop-off and pickup periods must check in with the main office to be signed in and given a visitor badge. Parents and/or visitors must wear their visitor badge at all times.

For safety reasons, the campus administration needs to be aware of all individuals present in our facilities at any given time. We are accountable for keeping track of who is on campus at all times.

We do understand that you may, on occasion, need to bring a snack or something for your child during recess; however, we do not allow parents to stay on the playground during recess time. Parents' presence can make LILA staff supervision more difficult as children tend to ignore supervisors' directives when they are with their parents. It is in the interest of the children's safety that we ask parents to limit their time on the playground during drop off, pickup, recess, lunchtime, and after school.

Pets are not allowed on campus.

### Traffic on Campus

The campus traffic pattern must safely accommodate students, their families, and our neighbors. The drop-off and pickup program has been designed to create a safe and efficient campus traffic circulation. Everyone, including staff, parents, grandparents, nannies and visitors are expected to respect basic traffic rules:

- Drive slowly: 5 mph maximum.
- Adhere to directions from parking staff.
- Follow signs and arrows. Do not go against traffic.
- Cell phone use is not permitted while driving on campus.
- Always yield to foot traffic and stop for pedestrians.
- Check for small children who may dart between parked vehicles.
- Respect disabled parking spaces under all circumstances unless you have an appropriate disabled person parking permit.

## Accidents and Natural Disasters

### **LILA regularly carries out evacuation exercises in case of a fire, and self-protection drills in case of an earthquake.**

In case of a natural or civil disaster, students are not authorized to leave the campus but must remain at school under the supervision of LILA staff members who are responsible for them until their parents can be contacted and it is deemed safe for them to be picked up. A copy of your campus emergency procedures manual is available for your review in the main office.

In the event of an emergency, or as a precautionary warning, parents will receive automated messages detailing the situation via email, voicemail, and text message. The administration will be responsible for keeping parents informed as much as possible during an emergency, so parents should refrain from calling the office in order to allow staff to manage urgent matters.

## Weapons, Dangerous Products, Objects, and Games

The introduction or possession of any weapons, dangerous products and objects, regardless of their nature, is strictly prohibited. Possession includes, but is not limited to, on person, storage in lockers, purses, backpacks, or automobiles.

All violations of this rule will be punished according to the norms of the laws of California, will lead to severe sanctions and can result in temporary or permanent expulsion from school. For safety reasons, it is equally forbidden to bring skateboards, roller skates, or other games that present uncertain physical risks.

## Student Searches

The United States Constitution's 4th Amendment, though in general protects individuals from unlawful searches, allows school officials to conduct searches of students under certain limited situations.

### *Reasonable Suspicion*

If a student has engaged in conduct that causes an administrator to have reasonable suspicion that the student has committed or is about to commit a crime, or has violated school rules or federal or state laws, the administrator may conduct a search of that student, subject to the following criteria:

- Must clearly state the reason for suspicion and the circumstances surrounding a specific incident.
- Must be able to reasonably show the connection of the student to a specific incident or misconduct.
- There is credible information from personal knowledge and/or eyewitnesses.
- A search based on reasonable suspicion must be appropriate to student's age and gender and the nature of the offense and must not be excessive.
- Under no conditions may a body or strip search be conducted.

- Only school officials of the same sex as the student being searched may conduct the search.
- Searches based on reasonable suspicion must be conducted in a private area where the search will not be visible to other students or staff (except for a school administrator and a designated witness, also of the same sex who must be present).

## General Evacuation Drills

All individuals present on campus, including parents and guardians, are expected to follow evacuation and emergency procedures. Drills may be scheduled at drop-off or pickup time. LILA will supervise the students until they are officially signed out by a parent/guardian. Attendance will be taken once everyone has reached the safe areas. Release and sign out of students will follow the regular protocol.

## Fire Drills

When the fire alarm rings:

- Students will evacuate to designated areas in a quiet, safe, and expeditious manner.
- Teachers will take their attendance sheets and account for all students. Students and teachers will wait quietly in their designated areas for instructions.
- Desks, chairs, or any other obstructions should never block doors.

## Earthquake “Drop/Cover/Hold” Drill

The “Drop/Cover/Hold” procedure affords more suitable protection for students and staff during an earthquake.

Inside classroom:

- Upon command of “drop,” drop to knees, facing away from windows.
- Take cover by getting body under/below furniture (desk, chair, table, etc.).
- Tightly grasp furniture (table legs, etc.) with hands.
- Wait quietly for further instructions.

- 
- On school grounds but outside of classrooms:
  - Stay clear of buildings, power lines, light poles, etc.
  - Drop to ground, cover head if possible, and hold onto a stable object if possible.

## Lockdown Drill

The primary goal in a lockdown situation is to ensure that all students are in a secured, safe place and accounted for. To accomplish this goal, the following procedures are to be followed:

- A lockdown procedure is indicated with the following statement by intercom or megaphone: “The campus is now in a lockdown. All students should report to the nearest classroom immediately.”
- Students outside of their classroom should be directed into the nearest classroom and then adults should lock all doors and close the window blinds. All individuals should seek immediate cover under tables or desks and remain low to the ground away from windows and doors. Teachers will take roll and communicate this information to the main office. Teachers will wait for an “all clear” signal before releasing anyone from the room.
- During the drill, teachers explain what the students should do in an actual lockdown and practice these procedures. In an actual lockdown we would expect that the classes are quiet, and the students are not moving around.
- No one (including parents and staff) will be allowed to enter or leave the building during a lockdown. Parents may not pick up or drop off their children until the lockdown has been lifted.
- When the lockdown is over, staff will hear an announcement over the intercom system or receive instructions from a school administrator, police, or fire official. Students will not be released until this time.

## What Can Parents Do During an Emergency?

- Parents need to be familiar with the School's emergency procedures. Questions about your campus emergency plan should be directed to your campus director.
- You must know where to go to pick up your child and when you may do so.
- Emergency procedures in place are there to protect the students, and the school and the parents must respect and follow these procedures during an emergency.
- Parents should be sources of guidance and support to the children during an emergency; parents who are calm can help the children be the same. This will go a long way to promote quick recovery from any emergency situation.

## Parent Acknowledgment

The LILA Parent Handbook (including its Appendices) **2021-2022** has been written to help your child(ren) gain the greatest possible benefit from his/her school experience. Please refer to it often to guide your understanding of important school policies and procedures and any specific information specific to your campus such as scheduling, transportation, daycare, etc.

It is important that every student also understands the rights and responsibilities that apply to him/her. Please read and discuss the relevant parts of the handbook with your child. Once you have done so, you must sign this acknowledgment form and return it to the main office within the first two weeks of school.

Signatures of the parents/guardians acknowledge receipt of a copy of the Handbook and signify that they have reviewed the rules and responsibilities set forth within it with their child(ren).

Notwithstanding the signature requirement, this document is available in the back to school package for your review which you have been given access to and you are deemed to have studied and familiarized yourselves and the student with this Parent & Student Handbook and its requirements.

## Childcare Center Food Provision – Snack Section

### “Preschool” And “Pre-K” Students Only

#### **CALIFORNIA CODE OF REGULATIONS - TITLE 22 Section 101227 for Childcare Centers**

The Parent/Guardian must make arrangements to ensure availability of daily lunch, as part of the child’s admission agreement. They may bring lunch or use food from one of the independent third-party providers serving the facility after evaluating their nutritional value. The facility provides snacks as part of the daily program and it is optional if the parents would like to bring additional snacks for their child(ren).

#### **Section 101227- Snacks**

Between meals, snacks will be made available for all children unless the food a child may eat is limited by dietary restrictions prescribed by a physician. Each snack shall include at least one serving from each of two or more of the four major food groups.

Our facility will offer the following daily:

- (A) Full-day programs shall offer a mid-morning and a mid-afternoon snack.
- (B) The child's authorized representative may send meals and/or snacks for the child.
- (C) Half-day programs shall offer a mid-morning or mid-afternoon snack.

Menus shall be in writing and shall be posted at least one week in advance in an area accessible for review by the child's authorized representative. Copies of the menus as served shall be dated and kept on file for at least 30 days. Menus shall be made available for review by the child's authorized representative and the Department upon request.

Modified diets prescribed by a child's physician as a medical necessity shall be provided.

- (A) The licensee shall obtain and follow instructions from the physician or dietitian on the preparation of the modified diet.
- (B) A child shall not be served any food to which the child's record indicates he/she has an allergy.

## West Valley: Daily Campus/Class Schedule

### Class Schedule

Our campus has a school day that is from 8:55 to 15:30 (8:55am-3:30pm) with 4 periods before lunch, including a morning recess, and 2 periods after lunch.

#### Elementary Schedule

<b>Period 1</b>	9:00	9:50
<b>Period 2</b>	9:50	10:40
<b>Recess</b>	10:40	11:00
<b>Period 3</b>	11:00	11:50
<b>Period 4</b>	11:50	12:40
<b>Lunch</b>	12:40	13:40
<b>Period 5</b>	13:40	14:30
<b>Period 6</b>	14:30	15:20
<b>Exit</b>	15:30	
<b>Study Hall</b>	15:45	16:45

#### Preschool Schedule

<b>Period 1</b>	9:00	9:50
<b>Period 2</b>	9:50	10:45
<b>Recess</b>	10:45	11:00
<b>Period 3</b>	11:00	11:50
<b>Lunch</b>	11:50	12:35
<b>Nap Time</b>	12:35	13:25
<b>Period 5</b>	13:25	14:20
<b>Recess</b>	14:20	14:35
<b>Period 6</b>	14:35	15:25

### Lunchtime

Lunchtime is from 12:40 to 13:40 (12:30pm-1:40pm) for elementary grades and 11:50 to 12:35 (11:50am-12:35pm) for preschool and Pre-K classes.

### Recess

A first recess, before class, is from 8:45 to 8:55, and a second recess takes place from 10:40 to 11:00. Pickup time allows room for recess from 15:30 to 15:45 (3:30pm-3:45pm).

## West Valley: Daily Bus Transportation Schedule

### *Morning Services*

From	To	Departs	Expected Arrival By
West Valley	Burbank	7:25am	8:10-8:20am

### *Afternoon Services*

From	To	Departs	Expected Arrival By
Burbank	West Valley	4:15pm	5:00-5:15pm

### *Late Bus Services*

From	To	Departs	Expected Arrival By
Burbank	West Valley	5:40pm	6:15-6:30pm

- Parents should review the bus rules of conduct with their children.
- Students should be prepared to board the bus at least five minutes before their scheduled pickup time.
- To assure the safety of their children, parents or an authorized person should be at the bus drop-off point when their child is dropped off. This is especially true for any student using the late bus.
- **The parents of the students using any school bus service and/or a school transportation service for afterschool activities and field trips will make themselves and the student familiar with the requirements of the School Transportation Safety Plan as a condition of their use of any school transportation.**

## West Valley: Extended Daycare/Study Hall Schedule

Service Option	Preschool, Pre-K & K Students	1 <sup>st</sup> -5 <sup>th</sup> Grade Students
<b>Morning Daycare</b>	Morning supervision anytime from 7:15-8:30am	Morning supervision anytime from 7:15-8:30am
<b>Afternoon Daycare/Study Hall</b>	Afternoon supervision anytime between 3:45-6:00pm	Afternoon supervision anytime between 3:45-4:45pm; afternoon supervision until 6:00pm
<b>Combo Daycare</b>	Morning and afternoon daycare, 7:15-8:30am; 3:45pm-6:00pm	Morning and afternoon daycare, 7:15-8:30am and 3:45-6:00pm, including Study Hall

### *Extended Daycare*

In case parents are going to arrive after 6:00pm for pickup, they must contact the school as soon as possible, by calling the **campus at 818-345-0155**. They must also provide an approximate time of arrival.

The fee for late pick up after 6:00pm is an additional \$1.00 per minute.

Unless they are enrolled in daycare, children should arrive after 8:30am. Children arriving at this time must stay under the supervision of a daycare supervisor, and not enter their classroom.

A student not being picked up before the 3:45pm bell will automatically attend daycare. When picking up a child after the 3:45pm bell, parents will have to complete the sign-out sheet.

## West Valley: Uniform Policy

At the West Valley campus, we have a uniform that is mandatory for grades K and up every day of the week except Friday. Wearing the school's field trip t-shirt during school-sponsored activities (P.E., sports games and tournaments, school field trips, excursions, etc.) is required even on Fridays and weekends.

The uniform consists of a white or navy blue polo shirt bearing the school's logo, or the school's field trip t-shirt, with solid color pants, shorts, skirts/skorts, or jumper<sup>1</sup>. **The mandatory colors are beige or navy blue.** Field Trip T-shirts may be purchased at the office. Official School Branded Uniforms can be purchased through [Land's End](#), our school number is 900119140.

<sup>1</sup> *Blue jeans that don't wear down easily are accepted. Les jeans sont acceptés.*
