Payment Options for Tuition and Fees

The International School of Los Angeles offers families two options to pay for [tuition and fees](#).

Campuses
Burbank
Los Feliz
Pasadena
West Valley

Option 1 - Full Prepayment During Enrollment

For families who choose to prepay the full sum of tuition and fees during enrollment, a discount of **\$500** will be applied. When submitting your family's enrollment (which confirms your child(ren)'s spot(s) at the School), you will have an opportunity to pay by electronic check, at which point the discount will be automatically applied. Enrollment cannot be submitted without a payment.

Option 2 - Non-Refundable Fees Paid at Enrollment, With Balance Paid in Installments From July Through May

Families may choose to pay tuition in installments processed over the course of 11 months, from July through May. If you choose this option, please note that you will still be required to pay certain non-refundable fees at the time of enrollment, as outlined in the "Due at enrollment" section [here](#).

Shortly after you have submitted your enrollment with payment of the appropriate fees, you will receive an email from our accounting department explaining how to create your Smart Tuition/Blackbaud Tuition Management account. You will need to set up your account **within three business days of receiving your activation link** in order for your child(ren)'s spot(s) to be considered confirmed.
